Vol. XXIV, No. 12 | March 10, 1937 | Wednesday

VARSITY VARIETIES REHEARSALS BEGIN

Air Show Tentatively Set For March 19. Premier on State-Wide KYA Net

Varsity Varieties will probably be aired for the first time over the state-wide network of the California Radio System on Friday, March 19. The show, released locally by KYA, will be San Francisco's State's own program, with talent from the college being featured along with a twelve-piece orchestra.

The tentative date was set, as the script for the first show was completed today. As yet no assignments have been made to parts in the production. Auditions were held on the campus Friday, and further tests will be made at the studio within the next week. Rehearsals are slated to start either on Friday or Monday. Notices will be sent to performers selected by the auditions committee.

Under present plans the show will be shifted from a weekly basis to become one in a series of collegiate productions. The show will be in competition with shows produced by University of California, St. Mary's and Santa Clara.

"We are convinced that we will be able to put this program across," declared Bill Smith, speaking for the auditions committee. "We feel that State has more available talent than the other colleges."

Phi Lambda Sponsors Dance in Gym Today

"Don't forget, everybody, come to the free noon dance today," stated Virginia Kyriazi, active W. A. A. member, this morning. "You are all invited. Bring your best girl or boy friend, but don't forget your student body cards," she continued.

Today's dance is sponsored by the Phi Lambda Chi sorority. According to George Bogdanoff, Block "S" member, the dance will be another success.

ATTENTION!!!

All low freshmen receiving notice of scholarship deficiency must report before April 1, 1937, to the counselors in room 106B. Exceptions: women majoring in Physical Education please see Mrs. Stephenson; men majoring in P. E. go to Mr. Farmer; pre-nursing students consult Dr. Barney; and music majors see the adviser in their department. Failure to comply will necessitate the use of more effective measures to insure response by the student.

Although high freshmen and sophomores are not required to consult the counselors regarding their scholarship, they are nevertheless urged to take advantage of the service especially if they are deficient in several courses.

Capitol Bound

Edward Cockrum, above, student body president, is a member of the Strategy Committee, leaving for Sacramento today.

Advisory Council To Go Social Eventing

"The serving of coffee and tea at the last meeting of the Advisory Council, which was held last Friday noon in the Activities Room, and the interesting discussion of the "do's" and "dont's" of college etiquette, added much to our meeting," stated Kay Bailey, chairman of the Council.

The old and new business was talked over, and it was announced that the first social event, a skating party, would be held during the latter part of March.

Dawn Wilson, and Kay Bailey have planned several other events which they hope will prove enjoyable to the girls of the Council.

Virginia Kyriazi Presents Weak Points In Pending California Youth Measure

By Will Smith

Possible objections to the current California Youth Act bill from the college standpoint were presented to a symposium of representatives from various other fields of work by Virginia Kyriazi February 28th. The meeting was presided over by Judge Sylvain Lazarus.

Points of objection brought up during the course of discussion by Miss Kyriazi ranged over various parts of the bill. It was pointed out that the bill is designed to replace the National Youth Act now in effect which soon comes to an end.

Objection was raised to the fact that the proposed document sets a minimum remuneration of from $20 to $25 per month under Section 8. This provision, it is believed, would narrow the number able to take advantage of the aid because certain students with heavy schedules or jobs would be unable to put in the necessary time.

Age limits of from 16 to 25 years, as provided in Section 3, Part 2, were thought to be ill advised because students returning to school past the age limit would be unable to get help. It has been found by experience that such students generally need such aid.

The phrase "Direct Financial Aid" in Section 8 was questioned as to meaning. It was the opinion that financial help without work would be dangerous or at least a poor preparation of high school students for college work.

Direct supervision of work done at the college by the college itself was also asked because it was shown that the officials of the school were more familiar with the local situation at their own college.

Building Campaign Starts To State Capitol Meeting

Bill Calls for Two Million Three Hundred Eighty Thousand Appropriation for Re-building Campus and Expanding Roberts' Field

Members of the Student Strategy Committee together with Dr. Alexander C. Roberts and representatives of the Patron's Association leave today for Sacramento to meet with a committee composed of State officials and educational heads. Purpose of the meeting will be to discuss various phases of the bill submitted by one of the San Francisco delegation.

The bill as submitted calls for $2,238,000.00 and would provide for a complete rebuilding of the campus and the erection of a new administration building, a new library, a new gymnasium, and the completion of the stadium.

Persons on the College delegation will meet with state representatives about four o'clock in the afternoon. At that time they will present the reasons for the passage of the bill and point out why such a sum is needed by the college. The strategy committee is composed of Ed. Cockrum, Bud Decker, Howard Demeke, and Will Smith.

ALPHA PHI GAMMA NOON CLASS FRIDAY

With final arrangements completed, Alpha Phi Gamma, College journalism society will present as its first speaker in the newly inaugurated journalism instruction meetings to be held Friday at 12:10 in room 209, Clarice Dechent, Director of the Board of Publications

The speakers, according to Howard Demeke, chairman of the committee in charge of the meetings, will discuss the editorial staff relationships of the paper, as well as the relation of the staff to the student body and faculty.

Demeke stressed the importance of attendance on the part of all those interested in working on the Golden Gater, whether they have had previous experience or not. This aspect is significant, indicated Demeke, in view of the fact that the Board of Publications has agreed to give preference to students who have attended the meetings in filling future staff positions.

Music Federation to Give Dinner Dance

"In order that we may definitely ascertain the exact membership in the Music Federation, for the first time in the history of the organization membership cards are being sold to all members," stated Leon Minear, president of the Music Federation.

The payment of dues has never been enforced, therefore, the membership of the Federation has never been ascertained. These cards are being sold by the representatives, and Carlton Hansen, the treasurer of the Federation, is in charge of the sale of these cards.

The benefit of the card will be an active participation in the social events of this semester. No one can vote, sign petitions, run for office, or attend any social function of the Federation without this card.

March 22, the Music Federation in conjunction with the Associated Students is planning to give a dinner dance and party for 650 students from 110 High Schools throughout the State.

"Attendance at this dance will be restricted to holders of Music Federation Cards," stated the president, Leon Minear.

Ice For Lazarillos

Last Friday evening at the S. F. Ice Rink members of the Los Lazarillos, the Spanish Club, and guests enjoyed one of their frequent skating parties. This is the first of an extensive social calendar adopted by the Club for the Spring Semester. Later events include a hike, beach party, parties, and dinners.

Valeria Wiley, president, invites all students of the college interested in Spanish to join the Club. It is not necessary to be able to speak the language, or to be taking a Spanish course.

EARLY SELLOUT FOR FROSH BIDS EXPECTED

Charles Horton's Orchestra Featured At Dance; Jack Martin To Render Banjo Solo

With a last minute rush for Freshman Hop bids expected, Bill Ferem, high freshman president and general chairman of the dance,.today issued a warning that no additional bids would be issued when the present quota is sold.

"We have a definite number of bids on sale and from all indications we will sell those before the dance," said Ferem. "We want to make it fair to all students. At the present time our plans do not call for door sales on the night of the dance."

The affair will be the first major off campus dance ever sponsored by a Freshman class. This was brought about through a ruling adopted by the student body that there would only be two major social events each semester.

The dance will be held in the Gold Room of the Palace Hotel on Saturday, March 13. Bids are on sale for $1.50 per couple. Music will be furnished by Charles Horton and his orchestra. Horton features Jack Martin as one of his solo instrumentalists.

Late Bulletin

There will be a meeting of all English majors and minors in the activities room today at 12:10. Persons interested in Journalism are requested to attend.

An Open Letter

In defense of our name—we are not a hiking club—in truth, we have never been on a hike. The Open Road as we know it, is the wide Road, the liberal one, seeking understanding via the pathway of knowledge.

Our objective is to build up an adventure in friendship with the world and its people, to the end that we may create for ourselves a vision of world peace which is broad and international rather than one which is little, narrow, provincial, and national.

It is our creed "That we are to pass nothing, despise nothing upon this earth. As we travel the many things, both great and small, which will come to our attention we are to regard with open eyes and a heart of simplicity. We will believe that each thing has its fitting and luminous place within this mosaic of human life. The True Road is not open to those who withdraw the skirts of intolerance or lift the chin of pride. Rejecting the least of those who are called common or unclean, it is we ourselves whom we reject. If we despise that which is ugly, we do not know that which is beautiful. For what is beauty but completeness? The Roadside beggar belongs there, too."

Membership in the Open Road is based upon interest and scholarship. We extend invitation to all social science majors and minors who are in sympathy with our purpose, and who maintain a scholastic average of at least "C".

FLORENCE TURNER,
President, Open Road Club.

Dear Boss:

I hang my head in shame, honest! I didn't think that you really meant me to get a feature on the Co-op. So, like the lazy reporter that I am, I never went near the joint. Then you come up with that interesting column by Clarice Dechent that gave the facts and fancies of the students in relation to the Co-op.

Do you think I ought to come to work tomorrow, or shall I consider myself on a permanent vacation? You know, Boss, I really didn't take you seriously on that assignment. I thought you were joking. Maybe it was all for the best. I think Miss Dechent covered the situation much better than I could have under the conditions.

Well, Boss, it's up to you. Your star reporter will still like you, even if you have to grind the axe into his neck. I think I could reform, but it will take all your persuasion to keep me treading the straight and narrow with my nose to the proverbial grindstone.

Your shamefaced star reporter
BARON

EXECUTIVE BOARD NOTES

March 1, 1937

The seventeenth regular meeting of the Executive Board was called to order by President Cockrum at 7:20. Roll was called and Mr. Reese was noted absent. The minutes were approved as read.

COMMITTEE REPORTS

Mr. Hopkins stated that he will have a report regarding the pins at our next meeting.

As Mr. Reese was absent, there was no report regarding the Delta Sigma meeting.

Mr. Ferem presented an itemized expense account for the Frosh Hop.

Mr. Demeke will have a report regarding the Trophy Case at our next meeting.

Miss Kyriazi reported on the California Youth Conference Symposium.

Miss Irwin reported on the policies decided upon by the Executive Committee.

At this time a recess was declared so that the Board could hear Mr. DuFour's song. After hearing the song and discussing it, a motion was made that we adopt "The Purple and Gold March" as one of the school marches. Motion passed. Mr. Minear was asked to take charge of the song.

Mr. Bill Smith reported that they were waiting for a report regarding the cutting of a new entrance into the Co-op. He also reported that a certain employee's conduct had been brought before the committee's attention as being objectionable. The matter will be taken up under new business.

OLD BUSINESS

Regarding our debt to the Frosh class, a motion was made that we vote out the money ($4.25) to pay our debt to the Frosh Class. Motion passed.

Miss Dechent reported that beginning next semester, the "Franciscan" will become compulsory.

Miss Dechent asked if she should continue the investigation regarding the old minutes of the clubs. A motion was made that we have the matter of keeping the old minutes in the hands of the various clubs. A motion was then made that we table the matter until our next meeting. Motion passed.

Mr. Minear asked about the dinner give be the Executive Board for the Music Department Convention. Miss Dechent, Miss Poulsen and Mr. Muldoon were placed on the committee for the dinner.

NEW BUSINESS

A motion was made that we accept the expense account made by the Freshman class regarding their dance. Motion passed.

The next matter to be taken up was that of adopting or rejecting the policies presented by the Executive Committee. The policies are:

1. A committee of seven members is to be in charge of the Freshman dance, four members from the High Freshman class and three members from the Low Freshman class. No plans are to be made until after the Low Freshman class have held their elections.

2. In order to further class spirit, the Executive Board should urge all class presidents to hold better meetings and to use the funds that are available for this purpose.

3. That all dates for school functions be submitted four weeks in advance of the date applied for.

(Continued on page 4)

New Campus or Bust!

Behind the Scene

By Clarice Dechant

Primary in the minds of one-third of the Student Body this day are mid-term reports—cinches to you.

Today, 417 students will find post boxes graced with the little white slips. This is nearly 100 less than those sent at the same time last semester.

Believe it or not—the total number of sixth-week mid-terms reports sent each semester since the Fall of 1933 is 3,844. These, added to the ninth and twelfth week mid-terms over the same period, were they placed side by side, would be enough to paper the walls of the whole Registrar's office, with a little left over.

In seven semesters' time, extra help in the office to accommodate the number of cinches has amounted to $175. Besides the numerous hours spent by the office staff, faculty members, and examination mimeographers, student counsellors devote a great deal of time in order to give the students a break. Compare that with the time we students spend studying. Aren't you 'shamed!

Incidentally, the number sent today is the lowest number of lower division mid-terms to be sent any semester during the past seven years.

S'now, don't you think we've caused the college enough trouble by flunking this first six weeks! Lessee what the next six will bring.

STUDENT'S CO-OP

Gater, Spartans Meet Saturday

GATER SPORTS

Cindermen Take On Cal-Aggies

Trackmen Swamp All-Stars In Initial Meet of Season

Short-Panted Athletes Better Old Marks In Nearly All Events

San Francisco State trackmen captured nine first places and a tie for first to overwhelm the San Francisco high schools All-star team, 69 to 44 Saturday at Kezar Stadium.

Four meet records were broken and a new high school mark was established during the afternoon. Mel Long, Lowell High School ace, started the record smashing performance when he cleared the high jump bar at 6 feet, 3¼ inches. This mark cracked the meet record of 6 feet, 1½ inches established by DeWitt Good of Commerce in 1935 and also bettered the high school standard of 6 feet, 2⅜ inches made last year by Commerce's Wilbur Bartlett.

Daryl Hopkins, State's hurdle ace, shared the limelight with Long. He broke the meet record in both the low and high hurdles races, running the highs in 16 seconds flat and the lows in 25.6 seconds. His time in the highs bettered Runar Stone's record by two-tenths of a second, and his mark in the lows broke George Donnell's record by one-half a second. Both of the previous records were established in 1933. Hopkins also finished second in the high jump, giving him a total of 13 points for the afternoon for high point honors.

Balboa High's middle distance ace, Frank Kannisto, broke the other record when he finished ahead of the field in the 880 yard run in 2:03.7. The old record 2:04.9 was established by Harvey Williams of State in 1933.

Two Staters captured two first places each. Errol Evans won the 100 yard dash and broad jump, while Steve Ebert won the shot put and discus throw.

Stan Kuder started State's parade of firsts when he won the mile run in 4:49.8. Ronnie Lindlow pulled a surprise by nosing out Frank Collins in the quarter-mile. The winning time was 52.1 seconds. Although Bill Harkness competed with a sore shoulder, he earned a tie for first place in the pole vault, clearing the bar at 10 feet, 9 inches.

Shake Up On Tennis Squad Follows Loss

Following State's surprise 6-3 defeat at the hands of Santa Clara netmen last Saturday, a shake-up is expected in the squad. Coach Dan Farmer will use this week's practice to determine the extent of the shifting of the players.

The racquet wielders meet U. S. F. Friday at the Palace of Fine Arts in the second league tussle. Hammond and Rosen will probably be shifted in order to balance the doubles teams.

I'LL MEET MY WATERLOO if I forget to bring home a 1937 Franciscan.

GATER NETMEN DROP INITIAL LEAGUE MATCH

Santa Clara's tennis squad is no longer an unknown quantity. Flashing a consistent and brilliant attack, the Bronco racquet wielders turned on plenty of the famous peninsula heat Saturday to down the Gaters, 6 to 3. The matches were the first of newly-formed N. C. I. Tennis League.

Ronnie English and Billie Hammond, diminutive gents of all-around athletics, proved to be the giants of the State squad. The two were totally responsible for the Gaters' three digits by winning their singles matches and combining to take a point in the doubles.

English continued his undefeated streak by thumping Bronco Dodd in successive matches, 6-2. Hammond had even less trouble in turning back Buckley by scores of 6-0 and 6-1. Rosen, the only other Stater who made a showing, lost two tough ones, 7-5 and 7-5.

The doubles match between English and Hammond against Dodd and Buckley of Santa Clara was the thriller of the day. The little giants took the first one by 6-3, dropped the next one by a tough 7-5 score, then waged a hard up-hill battle to take the deciding game, 8-6.

The remaining doubles and singles matches were just a matter of time for the hard-playing Broncos. The Staters were somewhat at a disadvantage by playing on strange courts and under the terrific valley heat.

Intra-Mural Tennis League Under Way

Due to the great number of participants in the Intra-Mural tennis league, there was little progress in running off the matches during the week. Only five of the first round contests have been held; however, those remaining will be staged this week.

First-round winners to date are: Rod Cavanaugh, C. Carsons, Ronald Lindlow, J. Gallagher, and Billie Hammond. The semi-finals are scheduled for next week with the finals in both brackets to be held the next Wednesday.

Sports Calendar

Friday, March 12—

Baseball: State vs. Menlo J. C. at Roberts Field.

Tennis: State vs. U. S. F. at Palace of Fine Arts.

Saturday, March 13—

Baseball: State vs. San Jose State at Roberts Field.

Track: State vs. Calif.-Aggies at Kezar Stadium.

Tennis: State vs. Calif.-Aggies at Palace of Fine Arts.

Sluggin' Hal Leads Staters Friday

Hal "Prunella" Woods, State's leading hitter and veteran campaigner. Hal's amazing fielding ability has made many a spectator take notice. The Gaters will make a home appearance against Menlo Friday.

WOODS LINES OUT TRIPLE IN NINTH

Breaking a tie in the last half of the ninth inning, State's baseballers were able to close their practice season without a loss as they defeated the St. Ignitius High School nine 6-5 at Roberts Field last Saturday afternoon.

Ahead 5-1 going into the eighth inning, the Gaters blew up and the prepsters pushed over four runs to tie the count, but State came back in the ninth as Bill Abbey singled to center and came home on Hal Wood's long triple to left.

Wood was the hitting star of the game, smashing out three bingles. Lovell Turner and Dick Osborne also connected for a couple, while Ru Stone, starting pitcher, got two doubles in three attempts.

Stone was followed to the mound by Andy Gavron in the fifth, and Gavron proceeded to blow a big lead. Kenny Wilkes was switched to pitcher from short stop, and after he found the plate, he was able to halt the slugging Wildcats.

DON'T BE A (PIKE) R! Spend four-bits and reserve your 1937 Franciscan.

W. A. A. Preparing for J. C. Sportnight

Members of the W. A. A. are making preparations for the J. C. Sportnight to be held in the campus gymnasium on March 18 from 7 to 10:30 p. m.

According to Babbet Lau, president of W. A. A., the plans are well under way.

The evening will consist of games, badminton, ping pong, volley ball, horse shoe, and darts. Dancing will also be featured. Refreshments will be served. Miss Lau stated that only a limited number will be allowed to sign up. Those wishing to attend are urged to sign up early in the gym.

The committees for the evening are as follows: Welcoming Committee, Fern Johnson; Recreation Committee, Kay True; Dancing, Lorraine Lindberg and Louise Vallarino; Hostess and Clean-up, June Klarmann; Program, Audrey Stewart; and Refreshments, Berta Bolander.

Scribe Votes For Hal Wood As All-Time All Star Player

Gives Story of State's No. 1 Baseball Player and Diamond Star

By Tim Guiney

I trust you will pardon me if I wax a bit enthusiastic about the subject of this week's essay, but to attempt to review the sparkling career of the man I believe to be the greatest baseball player ever to grace a State uniform in just a few words would be too difficult a task for your old correspondent to handle.

For the curious and uninitiated, the name of our all-time All-Stater is Harold "Prunella" Wood, or just plain Hal Wood, as he is known to the gals and guys around here. Baseball fans throughout the bay area recognize Hal as one of the best in collegiate circles, and honest, that's just putting it mildly.

I think that what I like best about the guy is that he's good, knows it, and yet he always lets his playing, instead of his tongue, do the talking about the number one man. Our Hal has slapped the cover of the butterball in diamonds from Oakland to San Jose, and left in his wake a trail of home runs and busted fences that would break the spirit of any fair bush league pitcher.

The kid swung his first bat on the Berkeley sandlots in grammar school days, then grew up to sport the uniform of the Berkeley High School chuckers in his first venture in organized baseball. From then on he was off to the wars. A short stay at San Jose State convinced him that San Mateo J. C. was a good school, so it wasn't long before he was slugging 'em out for the Bulldogs. In two years of playing for the Peninsula school, he was twice named All-Conference center fielder. Hal Harden tells me he was the best player in the entire league.

Our hickory swinging hero dropped out of school for a while after that, but last year he turned up here at State, and soon started off on another one of his pitcher-breaking benders. The way the guy discourages the young hopefuls amongst the chuckers gets downright scandalous when you look back over the years.

Last year he had a phenomenal season with the Golden Gaters, hitting over .400 consistently, and handling the hot ones as casually as if he were lighting a cigarette (which he don't, coach).

This season he has started off in regular form again, slapping the apple hither and yon with the greatest of ease. He'll be doing it against Menlo J. C. Friday, and San Jose State Saturday. We hope the scouts don't grab him before the season's over.

EXEC. BOARD NOTES

Continued from Page 2

A motion was made that we adopt the policy No. 1, regarding the plans for the Frosh Hop. Motion passed.

A motion was made that we adopt the policy regarding class social activities. Motion passed.

A motion was made that we reject the policy regarding dates for the calendar. Motion passed.

The matter regarding one-half unit noon hour classes which were scheduled every day, and prevented the students from taking any active part in class meetings, rallys and dances was brought up. A committee composed of Mr. Decker, Mr. Mirande and Mr. Cockrum was appointed to take the matter up with the Board of Deans and report at our next meeting.

A motion was made that dates for the social calendar be applied for two weeks in advance of said function. Motion rejected.

A motion was made that we leave the matter of dates to the discretion of the person in charge of the Social Calendar. Motion passed.

The following dates were applied for:
1. A. P. G. World's Fair—April 7.
2. Block "S" Dance—April 10.
3. W. A. A. Dance—April 17 and 24.
4. Senior Ball—May 15.

Regarding the orchestration of our song, Mr. Minear was asked to find out how much it would cost to have "The Golden Tide" orchestrated and to report at our next meeting.

Regarding the matter of employees of the Co-op it was brought up that an editorial was going to be run in Friday's paper regarding the actions of a certain employee. Feeling that that was entirely unjust, a motion was made stating that the Executive Board recommend that the Board of Publications accept editorials dealing with persons or groups, and approve them before being printed. Motion passed.

President Cockrum urged all members of the Board to send out their cards to their assembly men.

A motion was made that the amplifying system cease at 10 minutes after the hour.

An amendment was made that the amplifying system cease at 10 minutes after the hour, with the exception of the noon hour.

Motion and its second withdrawn.

A motion was made that we table the matter until it is looked into further. Motion passed.

Mr. Peters asked that as long as the constitution reads that classes should have four officers, why couldn't the low frosh class hold an election for their fourth officer. He was told to go ahead with the election.

There being no further business, the meeting was adjourned.

Respectfully submitted,
Marian Irwin
Secretary

Fair Plans Announced

Plans for Alpha Phi Gamma's forthcoming Intercollegiate World's Fair on April 5th at Roberts Stadium reached a more advanced stage in their development today when it was announced by Will Smith, chairman, that all functioning committees had been formed and duties assigned.

Numerous organizations in the city are being contacted for the purpose of inviting them to submit drill teams in the cup competition which will be staged on the night of the Fair.

In describing the coming event, Will Smith, chairman, said, "A real World's Fair atmosphere will be created. There will be concessions, exhibits, pomp and pageantry, and plenty of color."

One of the features of the night will be the drill team competition which will bring together some of the best outfits that can be obtained, according to committee heads. Among the judges will be one or two military men to add prestige to the stand.

Every club or organization on the campus will be contacted and asked to compete for the cup which is being offered for the best exhibit. Outside firms have already signified intention of submitting displays. Transamerica Banks will be represented and others are yet to be heard from.

Westminster Gives Mixer

According to Bob Prather, president of the Westminster Club, a Sports Mixer will be held this afternoon from 4 to 6 in the gymnasium of Westminster Center, corner of Page and Webster Streets, for the Protestant students of the College.

"At the last meeting," remarked Prather, "there were 50 people present. However, we expect more today."

Helen Jepson tells why she chooses Luckies for her voice

LOVELY PRIMA DONNA OF METROPOLITAN OPERA SAYS:

"A season of opera and concert means my voice and throat must be consistently in perfect condition. Therefore, although most of my smoking is done while I am on vacation, it is all important to me that I be careful in choosing my cigarette. I smoke Luckies because I enjoy their taste and because I feel it is wiser for me to choose a light smoke for my voice."

Helen Jepson

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Jepson verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

THE FINEST TOBACCOS—
"THE CREAM OF THE CROP"

A Light Smoke "It's Toasted"—Your Throat Protection

AGAINST IRRITATION—AGAINST COUGH
